Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Raquel Alvarez on 12/11/02.

The application has been amended as follows:

IN THE CLAIMS:

In claim 19, insert --neural-- immediately after the word "differentiated".

Reasons for Allowance

Applicant canceled non-allowed claims and the prior art does not anticipate or render obvious a method of causing isolated stromal cells to differentiate into neuronal cells by culturing the stromal cells with neural cells. The obviousness rejection set forth in Paper Nos. 6, 12, and 17 was withdrawn because there was no motivation to combine the references, and insufficient expectation of success.

Eglitis et al and Periera et al are the closest prior art of record. These references teach that administration of stromal cells results in differentiation of the stromal cells into different lineages

Art Unit: 1635

depending upon the type of tissue which is repopulated. These references do not teach differentiation into neuronal cells, and provide neither motivation to differentiate stromal cells into neural cells, nor sufficient expectation of success.

Conclusion

It is noted that on Applicant's declaration and power of Attorney filed 6/5/98, foreign priority under 35 USC 119 is claimed to PCT/US96/94407. This priority claim is improper for two reasons. First, the document in question is PCT/US96/04407, not PCT/US96/94407. Second, the PCT/US96/04407 does not appear to designate any foreign country, so it does not meet the requirements of 35 USC 119(a-d). Submission of a corrected oath or declaration is suggested, wherein the foreign priority claim is omitted.
